

# NESAC/BIO Workshop

## Surface Characterization of Biomaterials

July 31 – August 2, UW Seattle Campus

Late fees start July 23<sup>rd</sup>, register now!

<http://www.nb.uw.edu/content/nesacbio-workshop>

2.5 day introduction to surface analysis. Demonstrations on NESAC/BIO instruments, learn capabilities of biomedical surface analysis methods, and how to intelligently review data received from surface analysis laboratories.
